

Beware of Fake Kidnapping Calls 📞

Scammers make fake kidnapping calls to victims saying that their child is under their “custody” and demand money from the victims either for release of their child or to settle the case registered against them.

Precautions

01

Stay Calm and Verify

Don't panic. Try to contact your child or their school immediately to verify their safety.

02

Do Not Share Personal Information

Never share personal details or financial information over the phone with unknown callers.

03

Report to the Police

Immediately report the call to the police and provide them with all the details.

04

Educate Family Members

Inform your family members about such scams and ensure they know how to respond if they receive a similar call.
